Notice for Publication.  
Department of the Interior.  
Land Office at Springfield, Mis-  
souri, February 27, 1899.

Notice is hereby given that the following named settler has filed notice of her intention to make final proof in support of her claim, and that said proof will be made before J. C. Johnson, Circuit Clerk, at Forsyth, Missouri, on Saturday, April 15, 1899, viz: Mrs. Emily A. Cotter, homestead application No. 21124 for the e q r sec 17 twp 24 n range 21w. She names the following witnesses to prove her continuous residence upon and cultivation of said land, viz: J. H. O'Neill, Smith Toland, Joshua Allen and James Harper all of Day, Missouri.

Notice to Taxpayers.  
The collector is now sending out notice to delinquent taxpayers and all persons who owe taxes may expect to get acquainted with a deputy collector within a few days. It has now been seven months since 1898 taxes became due and Mr. Price says he thinks he has given all the time that he can to get the taxes collected and that he will at once proceed to seize and sell personal property. This is no joke and we would advise all who have not paid their taxes to do so at once and thereby save costs.

## ANNOUNCEMENTS.

For School Commissioner.

We are authorized to announce the name of A. J. Hicks as a candidate for the office of County School Commissioner of Taney Co. subject to the will of the people at the school election to be held April 4th, 1899.

Two American army officers in Porto Rico have married into native families and the engagement of a third to a San Juan belle is announced. This form of annexation seems to be amiably approved throughout the island.

The First Lord of the British Admiralty remarked that England is "a peace-loving, determined nation," and then asked for \$140,000,000 as a naval appropriation next year, the largest ever proposed. No one doubts that Mr. Bull is a determined individual.

Governors will be elected this year in Rhode Island, Massachusetts, Ohio, Iowa, Maryland, Kentucky and Mississippi. The Democratic managers propose to give special attention to what they call a Republican quarrel in Ohio, but to Republicans of that state are too smart to play the enemy's game.

The report that the disbandment of the insurgent Cuba will soon begin is good news to the United States, and ought to be welcome news to Cuba. The work of reconstruction can not begin a practical way until all the Cubans who were under arms have disbanded, and until most of them resume some sort of useful employment. The beginning which is about to be made in this direction in the Province of Pinar del Rio will give great satisfaction to all the intelligent friends of Cuba.

Every great international exposition brings forward a number of remarkable novelties, and the world may rest assured that the great Louisiana Purchase Exposition at St. Louis in 1903 will stand at the front in this respect. One of the new things to be shown at Paris next year is a model of Vesuvius 330 feet high and 495 feet in diameter, built of iron, steel, cement and turf. A spiral path, bordered with cafes, will wind up the volcano. Inside is to be represented Dante's heaven and hell.

Study of the English language, as might be supposed, is rapidly growing in foreign countries. A Denver man just returned from Mexico reports that English is taught in the public schools of most of the larger cities. In Guadalajara the children "were prodded with both Spanish and English text books and rather disconcerted members of our party when they addressed us in pure English, while we could not return the compliment by saying a single word to the little ones in their language." No one can be a cosmopolite in the times without a knowledge of English.

A number of prominent English financiers visiting this country in a quiet way to study the existing conditions of American prosperity, which they consider remarkable. One of the best-known economic journals of London has sent over a staff representative for the same purpose. The observers are especially interested in the growing demand abroad for American manufactures and are anxious to learn how establishments yielding larger wages than prevail in Europe can undersell the manufacturers long established there. The visits will discover that the advantage largely in trained intelligence and energy, backed up by the American spirit, and all the unfolding resources of a young, but powerful and expansive nation.

We Too Proud?  
From the Pall Mall Gazette.  
Decided things are looking well for a real Anglo-American understanding and a commercial policy in the far East. "Our Mr. Borensford" put the case in a nutshell when he told the Asiatic Association that "ade, not territory," is what is wanted by the four powers he would like to see guaranteeing the integrity of China and the policy of the open door—that is to say, England, the U. S., Germany and Japan. Him follow Mr. Whitelaw Reid, who met thobvious objection that America is protectionist power by the statement that "the English way" is the American way—at least, in the Philippines, and in China? "The Dingy" tariff, a Mr. Reid, "is not to be transferred the Antipodes." Why, indeed, shot our American cousins be too proud to take a lesson in imperial policy from the empire out of which they themselves were made?

Republics month for 25c.

## OBITUARY.

Whereas, on the 12th day of March, 1899, the Great and Supreme Ruler of the universe has in His infinite wisdom removed from among us our highly esteemed friend and neighbor, John B. Stiffler.

"Uncle John," as he was familiarly known, was born in Pennsylvania in 1818 but removed to Indiana with his parents when but a child. He then lived with his parents and worked at the hatters trade until he was grown. Like many of the pioneers of his day he sought the wild West and came to Southwest Mo. where he lived for a few years and then went to North Arkansas where he was married to Miss Martha Brumblelow in 1844. He then took up a home where the present site of Harrison now stands and where he remained until the breaking out of the civil war and like all good loyal men the southern confederacy was not for his blood and he was compelled to move out for protection and settled near Nixa, Christian county. He joined the militia and made himself useful in protecting his home. In 1886 his wife died and left him a house full of children to take care of. In 1887 he married Lucinda Farr near Nixa, Christian county. Uncle John moved to the Leonard McElaffie farm near Forsyth in 1872 and lived there about 13 years and by his energy and industry was able to buy a farm of his own. Uncle John was perfectly honest and upright in his dealings, he never went in debt or asked favors but was an obliging neighbor when he thought it was deserving. He leaves a wife and seven children with a host of friends to mourn his loss.

A NEIGHBOR.

The above was intended for last week's issue but was handed us too late for publication.—E.B.

The newest roses in this country are the Admiral Dewey, of a light shade, and the Liberty of a rich ruby color, an importation from England, costing a large sum for six plants. What specially distinguishes the Dewey rose is its fresh appearance for more than a week.

A pneumatic tube to transmit mail between New York and Philadelphia is under serious consideration and the project will probably be introduced in the next Congress. A pressure of 8 pounds to a 12-inch tube would give a speed of thirty-five miles an hour and 200 pounds of pressure a speed of 150 miles an hour. Each carrier, 34 inches long and 11 inches wide, would convey 100 pounds, and, dispatched at intervals of 10 seconds, give a carrying capacity of 432 tons daily. At present a letter mailed in one of these cities for the other is seldom delivered on the day it is posted.

The Missouri house last week killed the two cent passenger rate bill. It was amended striking out all after enacting clause, vote 74 to 47. The bill was introduced by Williams, of Scott. Railroad men from all parts of the state petitioned against the bill because of the result in reduction of their salaries. This is exactly as we expected. Who ever heard of a Mo. Democratic Legislature enacting laws for the benefit of the whole people. The lobbyists have the legislature by the throat this year the same as of old.

"The only sure cures known for love are matrimony and suicide. The latter, however, is said to be the more pleasant to take."  
"Many men get up in church on Sunday, and with long faces tell what vile and wicked old sinners they are and have been; then spend the remaining six days of the week in proving they were right."

## Sale of School Lands.

Whereas, the County court of Taney county, state of Missouri, at the February term, 1899, by an order of record made on the 13 day of February 1899, at the regular term, a copy of which said order was to me directed and delivered, ordered that the sheriff of said Taney county, state of Missouri, advertise and offer for sale to the highest bidder, all of the unsold school lands lying and being situated in sec 16 twp 23 range 18.

Now, therefore, I, the undersigned sheriff of Taney county, state of Missouri, in compliance with, and by virtue of said order of said county court, will on Wednesday, the 26th day of April, 1899, offer for sale to the highest bidder, between the hours of 9 o'clock in the forenoon and 5 o'clock in the afternoon of that day at the front door of the court house, in the town of Forsyth, in said county and state, all of the school lands remaining unsold in sec 16 twp 23 range 18.

Terms of Sale—No bid of less than one dollar and twenty five cents per acre will be entertained. A credit of twelve months will be given, the purchaser giving a note and bond with approve security. In the event that the land sells for two dollars per acre the cost of sale will be paid by the County court.

## WINE OF CARDUI.

MONTHLY SUFFERING.

Thousands of women are troubled at monthly intervals with pains in the head, back, breasts, shoulders, sides, hips and limbs. But they need not suffer.

These pains are symptoms of dangerous derangements that can be corrected. The menstrual function should operate painlessly.

McElree's Wine of Cardui makes menstruation painless, and regular. It puts the delicate menstrual organs in condition to do their work properly. And that stops all this pain.

Why will any woman suffer month after month when Wine of Cardui will relieve her? It costs \$1.00 at the drug store. Why don't you get a bottle to-day?

For advice, in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

DR. MEDINA LEWIS,  
of Cincinnati, Tenn., says: "I have treated many cases of this kind, and have found that the Wine of Cardui is the only remedy that will cure it."

WINE OF CARDUI

## SURVEYOR'S FEES.

An act of the Legislature, approved March 31, 1891, provides that County Surveyors be allowed \$1.00 cents for each survey of one and a quarter miles or less; 40 cents for each plat; 50 cents for copy of plat and certificate; 50 cents for recording plat and certificate. These items foot up \$2.00, the lowest charge made for any survey, and in addition to this amount there is a charge of 80 cents for each additional mile and \$1.00 for each corner established. The Statutes provide that County Surveyors perpetuate their surveys by establishing well defined corners, and it is not left merely to the opinion of the party having the survey made as to the number of corners necessary to perpetuate the work—that must be determined by the surveyor himself, charge of cents for every mile of travel, each way, is allowed.

Random Surveys are more guess work, neither accurate nor safe, and dear at any price. All communications relative to surveys, etc., promptly answered.

W. R. Adams, County Surveyor.  
P. O. Goodloe, Mo.
